Mr. Nate A Miller
Opinion Editor
Greeley Tribune

Dear Mr. Miller: Here is a submission for the letters column.

If you've seen the crumbling infrastructure of schools in Weld County, in Milliken and Johnstown in particular...if you gasped at the cost of your water bill or the cost to rent or buy a house.... if you worry insurance won't cover your procedure, or college-kid's accident, or mom's convalescence, you're a concerned citizen. Maybe your blood runs cold when your kid says they had a lock-down drill and had to hide. These are real concerns of Weld County, and Gbenga Ajiboye, running for House District 48 wants to hear your concerns and do something about them. Remember that in November.
